Integrates with Any MFP Printer

Turn any MFP into a self-service 'Pay as You Go' printing / copying service for your Customers.

Printing on demand in Public Libraries at any time.

Our PCG - Software Application is tested with HP, Brother, Ricoh, Toshiba and Xerox MFP's. Once the MFP is Twain compatible, our Software application can be configured to work with it.

Provide us with the Make and Model of your MFP and we will confirm whether it is compatible or not.

PCG-K200

PCG-K200 Plus

Software Application

PCG-Software App is an easy to use tablet-like touchscreen application, it is self-explanatory for walk-up Users to Print, Copy or Scan. It's integrated with ePRINTit SaaS cloud based mobile print, allowing users print from any mobile device in a safe and secure manner.

NAYAX Card Payment

NAYAX charges £10 per month standing charge and 2.95% processing fee on sales transactions. This is a cost effective fee structure for high volume of low value card transactions. NAYAX provides a quick and easy online sign up process.
